**1. Download:** Please click below:

**2. After the download** Burn the file into a DVD or copy it into a USB device.

Note: If you do not want to create a DVD, you can use the following freeware to emulate a drive:

## INSTALLATION-INSTRUCTIONS

Install Office and introduce the Product Key.

**3. Online Aktivierung** Proceed with the ONLINE activation. If needed please try it 2-3 times.

**4. Phone activation** If the Online activation did not work please activate your key by telephone: From USA and Canada: (888) 352 7140 / outside USA and Canada: (716) 871 2781 From United Kingdom: (0) (800) 018 8354 outside UK: +44203147 4930 Dialing the telephone number corresponding to your country, you will be answered by an automatic answering machine. Please, try it several times, sometimes the machine does not work good.

*\* Emulate: A part of the system can be simulated, instead of starting the installation from a real DVD drive, the installation of this virtual drive can be started. This drive appears under "This PC" as a new drive. For the installation of the software on several devices, the installation of DVD is of course recommended.*

### **Activation for keys 2/3/4/5 PC**

To perform the remaining activations of your key, you must follow the instructions in this guide on each computer, where you want to install the program.

**We wish you a successful installation. If you still have problems or questions about the installation, please contact our customer service at any time. We will help you as soon as possible.**
